September 27, 2021

Dear Parents and Guardians,

I am writing to provide you with information on the Richmond School District's current health and safety expectations for school sports and other events which may have audience members and spectators.

This fall at indoor school events such as sports games and tournaments, plays, concerts, assemblies, and/or other performances, only students currently enrolled at our school may attend. Attendance will be further limited to half the capacity of the venue and student spectators are required to wear a face mask. For the safety of all, and until further notice, no audience/spectators external to the school may attend indoor school events. Audience/spectators external to the school includes parents, family, friends, recent graduates, alumni, and students from other schools who are not participating in the match or event.

Outdoor school sports or events may have audience/spectators that are external to the school. All spectators are encouraged to wear masks and comply with other health guidelines such as respecting personal space and respiratory etiquette.

We appreciate your understanding and willingness to work with Richmond schools to provide opportunities for students to engage in athletics and other events while maintaining an environment that respects the health and safety guidelines of the school district.

Thank you for your willingness to work together for safe and healthy activities and please contact me if you have any questions.

Sincerely,

Anita Kwon
Principal
